

Gaelic Language Plan

2023-2028

UHI North, West and Hebrides Gaelic Language Plan 2023-28

FOREWARD

As Principal and Chief Executive of UHI North, West and Hebrides, I am delighted to introduce this draft of our first Gaelic Language Plan and present it for internal consultation.

Our area has the highest density of Gaelic-speakers in Scotland and, as one of the region's largest tertiary education providers and partner in the University of the Highlands and Islands, we recognise the pivotal role we can play in promoting the importance of Gaelic not only as part of the linguistic and cultural heritage of our communities but also as a driver of economic growth and activity.

As stated in our merger business case, Gaelic is a key area of specialism for UHI North, West and Hebrides that we wish to grow. The Gaelic Language Plan will therefore seek to expand our curriculum offer by securing new areas of activity and by supporting the growth of our Gaelic curriculum in the Outer Hebrides and across our college area, thereby making a positive contribution to the UHI Gaelic Language Plan and Gaelic strategy for the Highlands and Islands region.

During the lifetime of our Gaelic Language Plan, we will endeavour to enhance the profile and status of Gaelic within our college. We will work to meet our responsibilities to our community of learners and colleagues, and to the wider communities we serve. We will seek to make an important contribution to the achievement of the aspirations and objectives set out in the National Gaelic Language Plan 2022-27 and the Gaelic Language (Scotland) Act 2005.

OVERVIEW

UHI North, West and Hebrides (UHI NWH), is a new entity which was formally vested on 1st August 2023 following a merger of 3 legacy colleges, namely UHI Outer Hebrides, UHI West Highland and UHI North Highland. This is UHI North, West and Hebrides first Gaelic Language Plan prepared within the framework of the Gaelic Language (Scotland) Act 2005. The draft Gaelic Language Plan will span a five-year period from 2023 to 2028. It will seek to build on the progress made within previous plans advanced by UHI Outer Hebrides and UHI West Highland and it will seek to promote the usage and acquisition of Gaelic throughout the entire region it serves. This draft Plan follows the format of the draft National Gaelic Language Plan 2023–28, which includes the following four themes:

1. Communities and Home
2. Media, Arts, Culture and Heritage
3. Business and the Economy
4. Education

Bòrd na Gàidhlig and UHI NWH have worked together to produce a set of Strategic Priorities for the development of the Plan to further grow the use of Gaelic and the learning of Gaelic.

The Strategic Priorities focus on how UHI NWH will progress the aims of the draft National Gaelic Language Plan. These are based upon the high-level aims which were agreed by Bòrd na Gàidhlig and UHI NWH, and their commitments as laid out in the draft National Plan. This draft Gaelic Language Plan describes how each of the Strategic Priorities will be delivered, and identifies the actions

required. The draft Gaelic Language Plan also includes a section on Corporate Service Aims. These will be utilised with the aim of standardising and normalising key Gaelic services across the college during the lifetime of the Plan.

INTRODUCTION

According to the most recent figures from the Office for National Statistics, 68% of the population of the Highlands and Islands, aged 3 and over, have Gaelic skills. The college therefore recognises that Gaelic is fundamental to its ethos and the region it serves, and that as an official language of Scotland, Gaelic is a central pillar of Scotland's rich heritage, national identity and cultural life.

UHI NWH is a regional college of scale across the north-west Highlands and Outer Hebrides, with 9,000 students and 600 staff. UHI NWH will provide sustainable tertiary education, skills training, research and innovation for the communities of Lochaber, Lochalsh, Sutherland, Caithness & Easter Ross, Skye, the Inner Hebrides and the Outer Hebrides.

UHI NWH has a physical presence within 19 distinct communities, each serving a wide but sparsely populated area. Our communities cover an area of 12545 miles² ; (almost the size of Wales), and 5357 miles (70%) of Scotland's coastline. The collective area of Lochaber, Skye, Outer Hebrides, Caithness, Sutherland, Easter Ross and Wester Ross has a population of 125,716.

Figure 1: Region and Learning Centre Locations

UHI NWH currently delivers a range of further and higher education Gaelic language education online and in-person, to students within the region and across Scotland. This includes the delivery of Gaelic-medium undergraduate degree programmes, being the lead college for BAH Gaelic Scotland, providing online and in-person community classes across the islands, bespoke courses developed in response to employer requirements and residentials developed in collaboration with community groups. In support of growing GME teacher training provision across the region UHI NWH also delivers PGDE (English and Gaelic pathways) and are delivery partners on the BA Gaelic with Education programme.

OUR COMMITMENTS

Recent research has shown that there is a need to revitalise and develop Gaelic language, culture and heritage in local communities with the National Gaelic Language Plan identifying key interlinking aspects of Gaelic development, setting out several priority action areas for the growth of the language. Research, including current research led by UHI's Language Sciences Institute, has shown that an increased emphasis on community-focused language policy is essential for the revitalisation and development of Gaelic. This Gaelic Language Plan will therefore detail how UHI NWH will work in partnership with schools, communities, key stakeholders and UHI partner colleges to drive forward this revitalisation within our region.

UHI NWH's Gaelic Language Plan will complement the college's tertiary curriculum as well as its research and knowledge exchange strategy. Responding to the National plan for Scotland's Islands and National Gaelic Language Plan and upcoming UHI Gaelic Language Plan we will extend and further strengthen our work with key partners Bòrd na Gàidhlig, Comhairle nan Eilean Siar, Ceòlas Uibhist, Highland Council, other colleges within UHI and a range of community partners. This will serve to cement our leading position developing Gaelic language and Gaelic medium curriculum across the Highlands and Outer Hebrides.

OUR PRIORITIES

Gaelic has been identified as a curriculum area of growth within UHI NWH and key priorities will be to:

drive forward the availability of Gaelic education across the Outer Hebrides, Lochaber, Skye, Wester Ross, Easter Ross, Caithness and Sutherland regions.

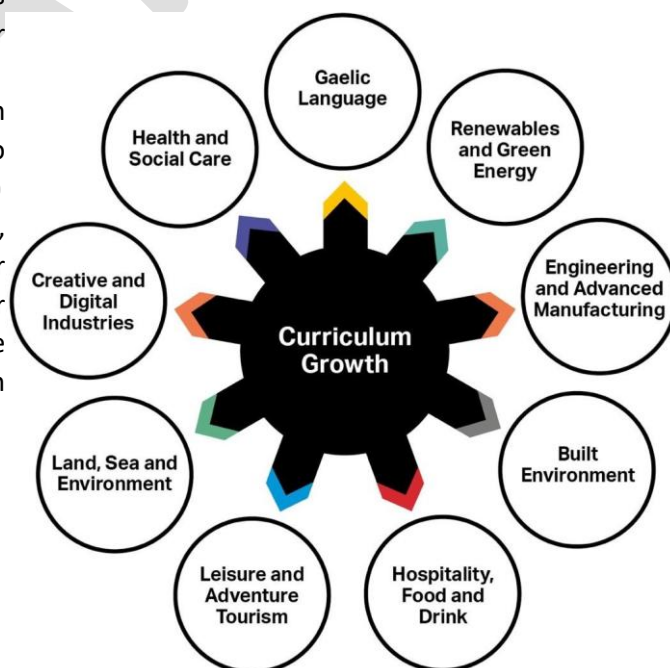

support the development of language skills and education through working with heritage and community groups to protect and further develop Gaelic as a community asset. build partnerships, including those with Bòrd na Gàidhlig, community organisations and Ceòlas on the Cnoc Soilleir project to create opportunities that develop stronger interdisciplinary activity between Gaelic language, culture and heritage and accredited short course provision in Gaelic media and the creative industries.

ensure that a link is made between Gaelic and employability skills.

increase enrolments on Gaelic medium teacher education qualifications particularly at primary but also at secondary levels to serve the existing and future demand within our region's schools.

Curriculum Development priorities will be to:

- upskill existing teaching practitioners.
- increase the flexibility of undergraduate GME Initial Teacher Education courses.
- support the development and delivery of:
- short online and in-person language courses

- new digital courses in Gaelic
- enhanced Gaelic provision for health, early years and childcare professionals across the region and within programme areas such as Tourism & Hospitality and Creative Industries

LINKS TO HIGH LEVEL AIMS AS AGREED WITH BÒRD NA Gàidhlig

Increase the opportunities for Gaelic usage by:

- working with neighbouring public bodies and communities to increase opportunities for Gaelic usage throughout the Western Isles, north and west Highlands;
- embed Gaelic content/delivery across multiple disciplines within UHI NWH to strengthen links between Gaelic and employability, with an initial focus given to Health, Social & Child Care and Tourism.

Increase the learning of Gaelic by:

- developing a Gaelic early years course in collaboration with partners and ensure this it is made accessible at all campuses throughout the college;
- supporting the development of culture and heritage as a community asset and developing a regular programme of community-based immersive experiences;

Promote a positive image of Gaelic by:

- developing and promoting Gaelic immersive experiences as part the wider student experience at UHI NWH.

OUR VISION

UHI NWH will build on established good practice in order to expand Gaelic language and culture learning opportunities across the region served by the new college. Having laid the foundation of supporting GME teaching training, we will seek to augment this provision with Gaelic CPD for teaching practitioners, enabling them to teach in the medium of Gaelic. Having identified the need to take an holistic approach to GME, our strategy for the next 5 years includes developing training for ancillary and support staff.

UHI NWH will be at the heart of the community it serves, and the college will continue to enable and encourage both the learning and usage of Gaelic throughout the region. This will include fostering a Gaelic ethos and positive attitude towards Gaelic within the organisation itself.

Community

Strategic Priority 1	Expand Gaelic language learning and usage and to support the development of culture and heritage as a community asset					
Desired outcome	An increase in the number of Gaelic learners at all levels. Develop a regular programme of community-based immersive experiences.					
Current practice	A range of FE short courses is offered via flexible modes of delivery. Access to Gaelic language learning has improved over the lifetime of the current plan through increased online provision; Gaelic has been delivered as an optional unit within health courses; Gaelic has also been part of our CPD to UHI NWH staff; Gaelic stakeholders – eg CnES and NHS Western Isles. Raise awareness of Gaelic language and culture in key Gaelic communities.

Business & The Economy

Strategic Priority 3	Support the development of Gaelic language and culture as an economic asset and further develop links between Gaelic and employability					
Desired outcome	Establish a cultural services agency, providing a commercial translation/copywriting service; Translation of UHI NWH press releases, social media posts and website material delivered in-house; Deliver at least two commercial events each year such as half-day/day language & cultural course;					
Current practice	There was, previously, a cultural services agency at UHI Outer Hebrides, which ceased to trade in 2011. Internal communications are either translated in-house on an ad hoc basis, or outsourced. UHI Outer Hebrides does provide some language/culture training to local agencies, businesses and industries, but this would benefit from further development and coordination.

5. LINKS TO THE NATIONAL PERFORMANCE FRAMEWORK

UHI NWH acknowledges that Gaelic is fundamental to its ethos and the region it serves, it also recognises that Gaelic is a national language of Scotland and a central pillar of our country's rich heritage, national identity and cultural life.

UHI NWH seeks to support national strategies, plans and initiatives that aim to strengthen the position of Gaelic as a national language, and in doing so, to build more inclusive, diverse and successful communities. UHI NWH therefore supports the Scottish Government's National Performance Framework (NPF). In particular, this Gaelic Language Plan intends to assist in advancing the following priorities of the NPF:

People live in communities that are inclusive, empowered, resilient and safe

People are creative and their vibrant and diverse cultures are expressed and enjoyed widely

People are well educated, skilled and able to contribute to society

People value, enjoy, protect and enhance their environment

People have thriving and innovative businesses, with quality jobs and fair work for everyone

Full details of the National Performance Framework can be accessed at <https://nationalperformance.gov.scot/>

6. LINKS TO LOCAL AND REGIONAL FRAMEWORKS

UHI NWH is committed to creating the conditions whereby Gaelic usage and learning can be supported and expanded for the wellbeing and economic benefit of the communities it serves.

The college will therefore engage with Community Planning Partners throughout the region to deliver the language plan. The UHI NWH Merger and Business Case can be accessed at <https://www.rural-islands-merger.uhi.ac.uk/t4-media/one-web/rural-islands-merger/RICM-Merger-Proposal-and-Business-Case-Nov-2022-FINAL-SUBMISSION.pdf>

This document sets out the key themes and commitments for the new college. One of those commitments is to develop and deliver a Gaelic Language Plan.

This version of the Gaelic Language Plan will serve to increase the use and profile of Gaelic across the entire region served by the college.

As asserted in the National Plan for Scotland's Islands, investment in Gaelic generates positivity. It creates a sense of self and of community and can make a substantial contribution to driving economic activity. It also offers significant opportunities for future economic growth. The Plan also highlights the symbiotic relationship between Gaelic and community, i.e. while Gaelic is important to the community, a thriving community is also important to the survival of Gaelic. UHI NWH therefore supports recommendations set out in the recently published short life working group report for the Cabinet Secretary for Finance and Economy on the Economic and Social Opportunities for Gaelic. This iteration of the College's Gaelic Language Plan will detail how UHI NWH will work with other agencies and partners to strengthen the role of Gaelic as a cultural, economic and social asset within our communities.

7. PUBLICATION

PUBLISHING AND PUBLICISING THE PLAN

INTERNAL

Information for staff, students and internal stakeholders about the new plan and how to access it will be made available via:

issue a press release announcing the plan;

make copies of the plan available in our libraries, student association offices and reception areas;

make the plan known to employees via UHI NWH centralised location and staff newsletter;

make the plan known to students via the information screens, notice boards and internet (College website and Facebook page).

EXTERNAL

UHI NWH's Gaelic Language Plan will be published in Gaelic and in English on our website. In addition, we will:-

issue a bilingual media release announcing the approval and publication of the;

issue bilingual social media posts on a number of platforms;

media interviews to be offered in Gaelic and English, as appropriate .

In line with good practice, we will not distribute hard copies of the plan, but will encourage stakeholders to view it online. However, we will respond positively to specific requests for a hard copy of the plan to be provided.

8. RESOURCING THE PLAN

We will ensure adequate funding is in place each year to meet our commitments under the plan. Where there is a need for additional funding as result of implementation of the plan, we will identify the requisite costs in the budget process for each year, and ensure actions are budgeted for.

9. MONITORING THE PLAN

UHI NWH will monitor the implementation of its Gaelic Plan as follows:

Internally

A Gaelic Language Plan Implementation Group serviced by a named member of staff will be formed to ensure Plan compliance;

Managers with responsibility for any aspect of implementation of the plan will report to the Implementation Group and then Executive Management Team at agreed points in the year, informing of their team's progress towards targets.

The College Principal will report on progress to the Board of Management; the Board may then make recommendations or adjustments, which will be fed back to staff in the usual way.

UHI NWH's Board of Management will publish details of the Gaelic Plan's progress within its Annual Report.

Externally

UHI NWH will submit annual monitoring reports to Bòrd na Gàidhlig on the progress of the plan and such additional reports required as a condition of any GLP funding received.

10. THE GAELIC LANGUAGE PLAN IN THE PUBLIC AUTHORITY

OVERALL RESPONSIBILITY FOR THE PLAN

It is recommended that the plan clearly states who has overall responsibility for the plan. As the plan will have an impact across the whole organisation, it is advised that overall responsibility for the plan lies with the accountable officer or another position within the senior management structure who can ensure the corporate implementation of the plan. The following text is suggested: -

The Principal has overall responsibility for preparation, delivery and monitoring of UHI NWH's Gaelic Language Plan. They can be contacted as follows: -

GAELIC LANGUAGE PLAN IMPLEMENTATION AND MONITORING GROUP

The remit of the working group will be to ensure full compliance with all Plan commitments throughout the lifetime of the plan. The person designated as having day-to-day responsibility for the plan will chair all meetings of the group.

The following corporate functions will be represented:

Senior Management

HR

Student Services

HISA

Administrative staff

Registry

Academic staff

Finance

Library

Marketing & Communications

Estates

The group will meet on a six weekly basis.

ENGAGING WITH STAFF

Staff have been consulted in the preparation of this Plan, with clear remits of responsibility assigned to the relevant staff concerned. All staff will have opportunity to contribute to the Plan during its progress and will be encouraged to review how they can add value to the delivery of the Plan, if possible.

ARM'S LENGTH ORGANISATIONS AND THIRD PARTIES

Where the College outsources work, such as advertising or design, we will ensure that service providers are supplied with guidelines as to how they can comply with the commitments contained within the plan. Publicity material must be approved by the College's Marketing & Communication Team and they will ensure that any materials created on behalf of UHI NWH fully adhere to the principles contained within the Plan.

APPENDIX 2 – CONSULTATION

A statutory requirement of the Gaelic Language (Scotland) Act 2005 is that public authorities must consult persons appearing to it to have an interest.

It is accepted that each public authority will have its own internal procedures on conducting public consultations. Bòrd na Gàidhlig's Statutory Guidance on the Development of Gaelic Language Plans provides information on what is required in order to satisfy the Bòrd that the requirements of the Act are being met.

A summary of the consultation findings should be provided in the Introduction section of the plan, and a more detailed report should be included as Appendix 2.
